Work Experience

TD Wealth - National Office Co-op (Advisor Compensation)

Fall 2023

- Spearheaded a project to segment TD Wealth advisors across the country for upper management analysis regarding how TD interacts with the field
 - This project involved in-depth analysis of the value of books of business to TD and an analysis of their anticipated future value
- Presented my analytical findings to upper management and engaged in discussions regarding the project
- Processed large amounts of data to be analyzed through excel
- Completed various ad-hoc tasks

IA Clarington - Data Analyst

Summer 2022

- Collaborated with a team to migrate a CRM system by utilizing Excel and VBA skills to identify and clean up data issues, preventing problems during the migration process.
- Coordinated meetings with firm members to discuss identified issues with client records and worked diligently to resolve these issues.
- Handled a dataset of 10,000 clients and created multiple data archives for use in the future CRM system.
- Developed a systematic approach to data analysis, ensuring accuracy and completeness of all data sets analyzed through Excel with use of VBA code.

Master Seo's Dynamic Taekwondo - Assistant Instructor

2017 – 2020

- Ensured smooth class operation, organized equipment and children employing organizational and teamwork skills which allowed the lead instructor to run class effectively.
- Lead class as a whole or in smaller groups utilizing leadership and public speaking skills leading to beneficial outcomes in children's ability in addition to strides they made as people.
